ALS FOUNDATION

Annual Report

2022 —————

About Us

The Joe Martin ALS Foundation's mission is to empower families as they face the challenge of living actively with ALS by providing home care and other services at no cost.

Our services include showering, dressing, range of motion and exercise, wheelchair accessible transportation, and caregiver training. Our staff has over 20 years experience in caring for people with ALS (PALS), and we also serve as a resource to answer caregiving questions. ALS overwhelms families financially and emotionally, however a strong support net can help PALS and their families obtain the best caregiving techniques, equipment, and bolster their will to fight this disease.

Vision

We believe a strong support net can help people living with ALS (PALS) and their families obtain the best caregiving techniques, equipment, and bolster their will to fight this disease.

Mission

We believe that with the help of family and a caring community people with ALS can live with purpose, with joy, and with hope. This philosophy drives us to empower families with the knowledge and tools to navigate this progressive disease.
